HOPE

RACE FOR EDUCATION

On Friday April 28, 2017 LOGAN Hope School had our 6th annual Race for Education. This event encourages students to become active while raising much needed money to help fund LOGAN Hope's educational programs. In support of LOGAN Hope School, our students, teachers and guests ran a total of 1956 laps for a total of 489 miles!

With over 150 people in attendance and no clouds in sight, we ran, fellowshipped, and walked towards our fundraising goal of the year with friends, family, and supporters of LOGAN Hope.

We are still racing towards our Race for Education goal of \$25,000, please consider donating by May 31, 2017 to help us reach our goal. You can donate online at www.loganhope.org by clicking on the Race for Education button then click sponsor a runner. You can also donate by using the envelope provided.

We thank those of you who have already donated and thank you for continued support of LOGAN Hope and our students.

Each year at LOGAN Hope we have a "Race for Education" art contest. The winner of the contest has their drawing re-produced onto Race for Education t-shirts that are worn by our students, staff and guests the day of Race for Education. We would like to congratulate our winners.

LOGAN HOPE RACE DAY

BY NHAJURAH NGON- 8TH GRADE

On April 28th, 2017, the LOGAN Hope school had it's sixth annual Race for Education. Everyone in the school was really pumped up with joy and excitement as well as ready to get moving on the track. Once every student unloaded from the buses, classes began to stretch.

Some classes were doing a warm up run. All of the classes got in position and once the clock chimed at 10 o' clock, we began to run! Everyone was happy and laughing. Lots of people who were there to volunteer, like to the Penn Charter students, who were gladly helping out the students by marking the number of laps the students have done. I had 13 laps this year, which was one less than what I ran last year. One hour had passed by and it was time to return to school. The entire school was tired, but enjoyed their time at the sixth annual Race for Education!

LOGAN HOPE GAGA

BY AARON MAO- 8TH GRADE

During the Gaga Tournament, the opposing team was ready to win as well as my team, The Blazing Phoenix. On our first round, we lost against the Bloop Catch Up Warriors. My team was warming up and began to have consecutive wins until we had to face the Catch Up Warriors once again. I had hope that my team could beat them this time. Both of our teams fought hard until my team had all of our members taken out by the remaining two members of the opposing team. I had a great time during the Gaga tournament seeing all the different teams play against each other. After my match against the Bloop Catch Up Warriors, I watched the final match between them and the Drumsticks. I was amazed at the outcome of the match! The Drumsticks won against the Warriors! After the final, it was the match between alumni and teachers. It was a funny match up and amazing to see the alumni fight against the teachers. I had a lot of fun with everyone and everyone went home satisfied with today's events.

RACE FOR EDUCATION FUN FACTS

- In 2013 LOGAN Hope had its first Gaga Tournament.

- Gaga Teams come up with a unique team name. This year some of the names were: The Drumsticks, Red Dragons, The Blazing Phoenix, Dove Runners, Castle Clashers, Balanced Breakfast, Furious Rainbows, The Eliminators and Bloop Catch-up Warriors.
- This year Gaga Tournament winners were The Eliminators and The Drumsticks.
- Every year after the race LOGAN Hope students and staff come back to the school for a school wide picnic.

RACE RUNNERS

The students who ran the most laps this year were:

Namir Sen, 3rd Grade at 21 laps
Daniel Sing, 5th Grade at 21 Laps
Alexandria Nielsen, 5th Grade at 21 laps

Our guest runner who ran the most laps was our 4th grade teacher's father
John Sovocool.

John ran 30 laps equal to 7.53 miles.
